JOURNEY RESPONSIBLY

At Journey Latin America we strive to be responsible in everything we do. By creating authentic, sustainable holidays which have a positive impact on people, places and wildlife, we believe everyone can benefit.

With our deep and long-lasting passion for the continent, we work closely with local partners to support positive and sustainable travel practices throughout the places we visit.

Our responsible journey

We firmly believe, when undertaken responsibly, travel and tourism can bring vast benefits at grassroots level. As a result we measure the impact of our business against UN Sustainable Development Goals to bring improvements to everything we do. This approach has led us to win a Responsible Business Award. We are also proud to be independently verified by Ethy and Travelife.

Climate action

Our company-wide Climate Action Strategy takes a five-step approach (measure, decarbonise, regenerate, collaborate and finance) as we seek to reduce the output arising from our business. Alongside this, with every booking, we donate to Rewilding Chile, a non-profit organisation working to renew the landscapes and habitats of Chilean Patagonia through the creation of national parks.

Shutterstock

On the ground

We work with local businesses, hotels and restaurants, bringing money directly to the communities we visit. We have clear policies on human rights, child welfare, fair working conditions and animal welfare, which we and our teams on the ground strive to meet.

Reducing plastic

To help plastic reduction, we have partnered with Water-To-Go to offer our customers reusable bottles with a unique filter system, creating safe drinking water from any tap or stream – an incredibly convenient way to remove plastic waste on holiday.

Javiera Ide

Social enterprise

We've recently supported the Sol y Luna Foundation, who provide education and a loving home to underprivileged children in the Peruvian Andes. Through a series of staff fundraising events, we were proud to have raised just over £2,000, which will cover one year's supply of energy in the children's home. We currently support El Rio Foundation, a non-profit organisation offering educational support and community sports opportunities, as well as reforestation and waste management projects to the local community of Buritaca on Colombia's Caribbean coast.

Belize Tourism Board

El Rio Foundation

Giving back to Latin America

Over the years we have always supported a wide range of social, environmental and disaster relief projects throughout Latin America. Our clients also have the opportunity to donate to the LATA Foundation, where every penny raised goes directly to the good causes on the ground.

CUBA

Havana

Steamy dance floors, the clink of rum glasses, feet tapping to a salsa beat, vintage bikes, shiny Cadillacs, ox-driven carts carving through tobacco fields – you'll be utterly beguiled by Cuba with its beautiful, crumbling colonial towns and vivid natural landscapes, from sugary beaches to forest-shrouded mountains.

Cuba is unique from so many angles: a fusion of the joyously Caribbean with a Latin rhythm. Dive into its intoxicating blend of living art, revolutionary history, and sizzling creole cuisine.

Cuba highlights

- 1 **Viñales** Fairytale countryside is ploughed by ox-cart, and tobacco leaves are hand-picked in a timeless bucolic idyll.
- 2 **Havana** A spontaneous city alive with music and chatter, a chaos of restoration sitting alongside forgotten decaying mansions.
- 3 **Cienfuegos** A port with a history of piracy. A stylish French art deco legacy shelters animated Afro-Cuban clubs.
- 4 **Trinidad** Cuba's musical heart is a baroque masterpiece – cobbled lanes with pastel-washed houses, ornate churches and palm-studded squares.
- 5 **Santiago de Cuba** Cuba's anarchic Heroic City is a jumbled, feel-good place whose history gives rise to a laid-back African feel.
- 6 **Baracoa** A remote, tropical, hill-fringed town, this quaint little settlement is a base for hiking.

“ WHAT YOU SAY

Really enjoyed all of it, especially Havana and Trinidad. Loved the music, the atmosphere and the people.

GG, Diss

♥ WHAT WE LOVE

Cuban beaches have it all. The northern cays are an excellent choice with tropical vegetation, exotic birds, coral reefs, white sands and turquoise waters with shallow areas great for kids.

Chris Rendell-Dunn

Signature Cuba: Complete Cuba 18 days from £3,000pp

DAYS 1-4

Stroll along the cobbles of Old Havana, music seeps out of every doorway and the narrow pastel-hued streets are clogged with bikes. Turn west to eco-friendly Las Terrazas and the Viñales valley, where farmers sit relaxing under shady trees smoking cigars.

DAYS 5-12

Eastwards, the crumbling cities each have a story to tell. Wander the elegant French boulevards of Cienfuegos; in colonial Trinidad dancing and music continues into the early hours, while Camaguey is renowned for poetry and ballet and Santiago is a melting pot of Haitian and African motifs.

DAYS 13-18

Drive east to the island's tip, call in at lazy Baracoa, and Gibara, a pretty port set among sugar fields on the craggy northeast coast, before departing for Havana or add an extension, spending time in sun-kissed Guardalavaca.

WHAT WE LOVE

The highlights were definitely riding in a convertible Cadillac and hitching a ride on a tractor in the hills.

MEXICO

Mexico's vast size promises stunning natural and cultural diversity. On display are the traces of the Aztec and Mayan empires, with magnificently sculpted pyramids and temples abandoned for centuries to a greedy rainforest. Ornate Spanish colonial towns dot the craggy mountainsides while the inviting white-sand coastline is lapped by azure seas.

Present day Mexico's capital is one of the world's greatest cities but the whole country bustles with thriving markets, flamboyant fiestas, world-renowned cuisine and cutting-edge hotels.

Mexico highlights

- 1 Mexico City** The energetic capital is glamorous, extravagant, modest and always mesmerising with Aztec pyramids, an ornate Spanish cathedral and world-class museums.
- 2 Chiapas** Bohemian San Cristóbal de las Casas is a magnet for lovers of little bars and live music, while the surrounding traditional Mayan villages give an insight into an age-old lifestyle.
- 3 Baja California** This peninsula of rugged, scorched desert is fringed by chalk-white beaches and aquamarine seas bursting with dazzling marine life.

Mountainous South Georgia's spectacular glacial beaches see elephant seals tussle with vast king penguin colonies for space.

- 1 **South Georgia** The jagged island's history reveals abandoned whaling stations and Shackleton's grave.
- 2 **Falkland Islands** Craggy islands speckled with sheep co-existing beside a multitude of wild seabirds and wildlife, including five penguin species.
- 3 **Antarctic Circle** Undisturbed wildlife and seldom trodden landings: hallmarks of this remote imaginary line.
- 4 **Weddell Sea** The giant pack-ice of the hard-to-reach Weddell Sea hosts rare emperor penguin colonies.
- 5 **Antarctic Peninsula** Penguins perch on blue, sculpted ice-walls framed by mountains in the vast white wilderness.
- 6 **Ross Ice Shelf** Far away in the shadow of Mount Erebus there is 600km long colossal ice-wall: about as remote as 21st century travel can take you.

Highlights of the Antarctic Peninsula 13 days from £8,700pp

- DAYS 1-3** Spend a couple of days experiencing the hectic lifestyle of energetic Buenos Aires before heading south to the port of Ushuaia, crouching on the chilly shores of Tierra del Fuego, launch-pad for voyages to Antarctica. It's a truly exciting moment when you board your ship.
- DAYS 4-5** Whales and dolphins can often be seen on the Drake Passage crossing to the Antarctic Peninsula along with an abundance of marine birds such as petrels and albatrosses.
- DAYS 6-10** Your ship edges her way through the fractured sea ice circling the glistening icebergs and mountains of the Peninsula – you'll see noisy penguins squabbling over pebbles, hear the boom and crack of a calving glacier, watch leopard seals diving for lunch: awestruck by the utter majesty of it all.
- DAYS 11-13** Cross the Drake Passage, disembark in Ushuaia and fly to Buenos Aires, from where you can either fly home or continue your adventure.

WHAT YOU SAY

The whole trip (to Antarctica) was an outstanding experience. Very well organised with excellent accommodation. It would be hard to improve it....

WHAT WE LOVE

We climbed a steep hill for stunning views over Paradise Harbour, then back on the zodiacs for a land-hugging cruise – we saw humpback whales, some in couples, and icebergs with crabeater seals.

Wildlife encounters

The creatures of Antarctica have no fear of humans – you can gaze into the doleful eyes of seals, marvel at playful whales, and listen to the plaintive whistle of penguins.

Active in Antarctica

Get off your ship and jump into the freezing waters, kayak up to icebergs, climb a frosty mountain, snow-shoe up to penguins or spend a night camping in the open.

In Explorers' footsteps

Peer into the intrepid Victorian explorers' huts, frozen in time and still provisioned. Peer into long abandoned huts, once used by intrepid explorers, and imagine the hardships encountered by Shackleton and his crew on their epic crossing of South Georgia.
